FOUR SEASONS RESORT

Aviara, North San Diego

Aviara Golf Academy, where higher education means lower scores!

The Aviara Golf Academy is one of only three golf schools worldwide that is located at a gold-medallion resort and has been honored by Golf Magazine as one of the Top 25 Golf Schools, with a Top 100 Teacher, Kip Puterbaugh.

The Aviara Golf Academy boasts one of the most consistent staff of teachers since 1991. Our team has created a curriculum that gives students of all playing abilities a great opportunity to learn every aspect of playing better golf.

Improving your game begins with building a consistent swing that will work for you. Our programs will bring your instruction together in perfect balance with state-of-the-art technologies and the latest in teaching aids. The Aviara Golf Academy range features grass tees, putting green and bunker area.

Our practice facilities have been designed and created for teaching golf in a private atmosphere. Our expansive range is situated amid secluded rolling hills overlooking the Batiqitos Lagoon.

Our individual view areas and hitting stalls incorporate instant video feed back, and a DVD recording of instruction for take home review.

The Academy specializes in schools and lessons for all ages and playing levels. We offer one, two or three full-day schools, short game schools, playing schools, private lessons, corporate and customized outings year round.

On a lush hilltop above the Pacific Ocean, only thirty miles north of San Diego, California is where you will find the Aviara Golf Academy offering perhaps the finest year round climate in the country.

The Aviara Golf Academy is on site at the lavish Four Seasons Resort Aviara. At day's end, you'll be able to relax in a luxurious setting at the Aviara Clubhouse overlooking the Batiquitos Lagoon.

Come indulge yourself at the most complete premier golf school, combining excellent instruction in beautiful surroundings.

The Matt Fitting System, TaylorMade Golf Experience

We are proud to have the TaylorMade MATT fitting system at our facility. It is one of the only three in the U.S. and is the same system that TaylorMade uses with the PGA Tour Players. It is truly a "state-of-the-art" system and a great way to begin or end your time at the Aviara Golf Academy.

No Gimmicks, No Tricks, Just the Proven Fundamentals!

This is exactly what we teach. Improving your golf swing begins with learning the fundamentals of the golf swing. At the Aviara Golf Academy learning center, you'll see frame-by-frame stop action footage of the games greats. You will learn that though their golf swings look different to the naked eye, there is a "common denominator" of proven fundamentals that all great players have. You will learn that video doesn't lie and the many "myths" about the golf swing are just that, "myths." The first step in building a consistent swing that will work for you, is learning what has worked for the world's top players for years.
